MS MasterClass 03a

Residential Module 1: 22–24 November 2017, Halifax Hall Hotel, Sheffield

Module 2: 15 June 2018, Halifax Hall Hotel, Sheffield

Who are these courses for?

These courses are for consultants training to be MS experts to learn how to set up or work within a specialist service.

What will the course involve?

The course will advance understanding of MS through taught sessions and mentorship (a mentor will be appointed for each participant). Attendees will learn about developments in MS and the advanced skills needed to look after MS patients in a specialist setting across the full disease course. This course will be awarded CPD accreditation from the Royal College of Physicians.

How is the course taught?

The course is taught through a range of learner-centred methods including formal lectures, interactive workshops, and an inter-module project. Additional seminars and learning opportunities will be undertaken more locally with your mentor and through distance learning. Learners must complete an inter-module workplace service project during the six-month break before returning to Module 2 to present their findings.

What will it cost?

The course is fully funded which includes accommodation on the nights of 22 and 23 November and if required the night prior to the course. Your travel grant will be discussed once your application has been approved.
